Becoming a Celebrant.....

Individuals from all walks of life have come to learn how to provide meaningful, personalized funerals specifically for families regardless of their religious affiliation or no affiliation.

[The InSight Institute](#) travels the United States and Canada providing this unique and specialized training, which is changing the face of funeral service. It is an intense, participant-oriented training where you will have a chance to practice, discover resources and build your skills in working with families and making public presentations.

A variety of people become Celebrants: funeral directors, chaplains, clergy, hospice professionals, nuns, priests, teachers, writers, actors, business people—anyone who has an interest in serving people in this capacity who also has abilities in the areas of writing and public speaking.
